FORTIETH YEAR NO. 43.

CEDARVILLE, OHIO, FRIDAY, OCTOBER 12, 1917

PRICE, \$1.00 A YEAR

## REV. HENRY CRABBE KILLED BY MOTOR

We are in receipt of a marked copy of the Los Angeles, California, Times, which gives an account of the death of Rev. Henry Crabbe, pastor of the Second U. R. church in that city. Rev. Crabbe was struck by the car upon which a large water tank was being hauled. He was knocked down, suffering a compound fracture of the right temple, a broken jaw and other injuries. A widow and two daughters survive. Rev. Crabbe was formerly pastor of the First church in that city where he lived for thirty years. He was aged 78.

## NATIONAL DAIRY SHOW.

Dairy people and lovers of fine horses will be interested in the National Dairy show and horse exhibit that opens on October 18 at Columbus. This is the largest stock show that is held in the country and several hundred thousand visitors will attend coming from all parts of the country. The state has built a new coliseum on the fair grounds costing \$200,000 that will seat 14,000 people. The big show will be held in this building. Every form of commercial interest identified with the dairy and cattle business will have an exhibit at the show. Herbert C. Hoover, the nation's food administrator, will deliver the principal address on Monday, October 22.

## TEMPERANCE SPEECH NEXT

Arrangements have been completed for a temperance rally at the opera house on this coming Wednesday evening at which time Mr. Fred G. Bale of the State Anti-Saloon League will be present. Mr. Bale appeared before a Cedarville audience on the lecture course and is an oratorical speaker. His thrust at booze will find him in good trim and a full house should greet him as this will be the first speech of the campaign. The S. of V. band will furnish the music. Keep this date in mind.

## NATIONAL REFORM WORK.

Dr. James S. McGaw of Los Angeles, California, will arrive at Cedarville on Friday to deliver several addresses in behalf of the work of the National Reform Association and to conduct communion at the Covenant church.

A union patriotic meeting will be held in the Reformed Presbyterian church at 7:00 P. M. next Sabbath evening at which time Dr. McGaw will speak on the subject "Making America Christian."

He will also speak at the Covenant church at 7:00 P. M. on Friday and at the morning worship on Sabbath and will deliver an address to the students of Wilburforce University on Monday evening at 7:00 o'clock.

Dr. McGaw is well known in Cedarville and throughout the country and is an orator and lecturer of wide influence. He is the General Field Secretary of the National Reform Association which has its headquarters in Pittsburgh.

Dr. McGaw has been for several years in California but has now returned East to assist in arranging for the Third World's Christian Citizenship Conference which is to be held in Pittsburgh next year. Cedarville is fortunate in having Dr. McGaw for several addresses.

A cordial invitation is extended to the public to attend the meeting in Cedarville on Sabbath night.

## LIBERTY BOND DAY CELEBRATION FOR DAYTON

Saturday, October 20, has been set for a great demonstration in Dayton to boost the sale of liberty bonds. Major General E. F. Glenn, of Camp Sherman and 1000 men of the new National Army will march from the camp to that city to take part in the demonstration.

That night Colonel Theodore Roosevelt will address a gigantic mass meeting in Memorial hall.

A squadron of aviators from the Wright aviation camp will fly over the city and distribute written appeals to the people to purchase liberty bonds.

Mr. Frank Shroeder of Camp Sherman spent Sunday with his parents, Mr. and Mrs. Lee Shroeder.

## VISITORS ARE WELCOME TO CAMP SHERMAN

The Columbus Dispatch publishes an open invitation to all parents and friends to visit Camp Sherman. Such visits are the best cure for homesickness. No passes are required and as many as possible are asked to go to the camp on Sabbath for the reason the boys are at their leisure that day. All other days they have routine drill work that may make it impossible to see one without a long wait. One may go about the camp where he pleases other than the small buildings around which soldiers with red arm bands are patrolling. These guard houses have soldier prisoners and no one is permitted to see them.

## VISITED LOCAL BOYS.

Mr. Henry J. Farrell just recently returned from the south and stopped at Camp Sherman near Montgomery, Alabama, where he visited his son, who is a member of an artillery battery being clerk to Ralph McMillan. This place is also a member of the same battery. Mr. Farrell had the pleasure of having mess with the boys and states they are enjoying everything possible for a soldier's life. Plenty of good eating, splendid water and good housing has made the boys feel at home in the Southern Camp.

## ATTEMPT TO WRECK PENNSYLVANIA TRAIN

By the alertness of a watchman of the canning factory at Spring Valley a bad wreck was averted on the Pennsylvania lines Saturday night. When the train was passing through the tunnel on the track supposed it was rail road men. Calling to them he received no answer and several men started to run firing several shots. West returned the fire and soon afterwards heard an auto start. Heavy iron had been placed to derail the fast train due after midnight.

## DRYS HOLD MEETING

A number of those interested in the coming wet-dry election met in the R. P. church Friday evening to arrange for the coming campaign. Plans were made for taking the poll of the township and town and other branches of the work. Those present had the pleasure of meeting Mr. Edwin Rawden of Michigan, our county manager who succeeded Rev. Robert Albright. Mr. Fred Bale of the State Anti-Saloon League was present and made an inspiring address to the workers. Mr. Bale promised to return during the campaign if a date can be arranged.

## PICTURE SHOW LOCALS

William Farnum, the matinee idol in every city in America is coming to Cedarville Saturday, Oct. 13, in "Battle of Hearts," a romantic drama of the sea. This is a Fox film production which should be a sufficient guarantee of a fine evening's entertainment. Farnum is one of the greatest actors on the American stage and you will not be disappointed in seeing him Saturday, October 13. Admission 15c.

The Wednesday night attraction is the story of "The Clock," a play of laughter and surprise. This is a Bluebird Photo play based on Aaron Hoffman's \$5000 story, it is staged by Wm. Worthington with Franklin Farnum and Brownie Vernon in the cast.

A blue Ribbon Vitaphone feature by J. Stewart Blackton and Albert E. Smith comes Thursday night. This story is known as "The Excellent Way" and the leading players are Anita Stewart and Charles Richmond, both photo play stars known the country over.

Friday night comes "The Price He Paid," a story endorsed by pulp and press and those who know Ella Wheeler Wilcox and her writings will not be disappointed in a story greater than "Damaged Goods."

## REV. J. H. BRATTON DEAD.

Word has been received in this county of the death of Rev. J. H. Bratton which took place at his home in Santa Monica, California, Saturday. The deceased has been an invalid for several years and is survived by his wife and a daughter. Mr. J. C. Bratton Xenia is a brother and Mrs. Louise Bratton of this place, a sister-in-law.

## JUNIOR PRESBYTERIAL RALLY

The Junior Presbyterial Rally of Xenia Presbytery will meet in the United Presbyterian church, Cedarville, Saturday, October 13. The meeting will open at 10 o'clock. Miss Mary J. Campbell will address the children at 2:30 p. m. As is the custom a box lunch will be served at noon. An offering will be lifted for Miss Campbell to be used in her work.

## FLOUR MILL CLOSED.

The Cedarville flour mill is now closed so far as grinding or making flour is concerned. Some time ago an announcement was made that the Hagar Straw Board & Paper company purchased the mill from L. H. Sullenberger. By the terms of the deal possession was given the first of this month.

## FOURTEEN CANDIDATES WANT TO BOSS XENIA

Xenia recently adopted a new charter under the home rule amendment and nominations closed Saturday for candidates for city commissioner, five to elect and only fourteen of the city seat's citizens have aspired for these places. The Business Men's organization will support a ticket placed in the field. The Socialists have one while the others are running independent. The contest promises to be quite interesting by election day.

## HEADS DISTRICT TUBERCULOSIS HOSPITAL

Dr. Rush Richison, Yellow Springs, has been appointed as superintendent of the District Tuberculosis Hospital near Springfield, taking the place of Dr. Henry Baldwin, who resigned some time ago. Dr. Richison goes to Mt. Vernon and Lima hospitals and then to New York City to attend a special course before entering upon his duties the first of the year.

## NOTICE KELBLE'S BARGAINS.

In this issue can be found some special bargains of C. A. Kelble, the big clothing merchant at 17, 19, W. Main street. Men's and Boys' suits are especially low priced. You cannot afford to miss this sale.

## NEWS SUSPENDS PUBLICATION.

The Washington C. H. News, daily, has suspended publication according announcement last week. It was edited by Forest Tipton, former secretary to Governor Willis. The company continue to publish the Fayette County Record. High priced material that goes into the making of newspapers is sending many a company to the wall. Added to this comes the excessive postal tax for publications under recently enacted war revenue measure. Since the passage of the bill it has been discovered that it will be cheaper for a New York publisher to send a magazine to Siberia than to Omaha, Nebraska. The bill will place a great burden on all classes of publications and particularly those devoted to religious work where the revenue for support is very limited.

## COMPLETE PLANS TO HANDLE CROWD AT DAIRY MEETING

National Dairymen's Show Will  
Attract Thousands.

### NEW COLISEUM COMPLETE

Adequate Lodging Facilities Provided  
—15,000 Automobiles Are Expected  
to Visit Ohio State Fair  
Grounds Daily.

Israelites thought enough of her to  
set up a golden calf and worship it  
until Moses came along and pointed  
out the error of their devotion.

Business men of America only 11  
years ago began to realize the need of  
making her more of a national figure  
and organized the National Dairy  
show, which has developed into one of  
the "wonders of the world."

The people of Ohio, through their  
legislative body, let the world know  
that they fully appreciated her im-  
portance by appropriating \$250,000 for  
the erection at Columbus of a modern  
coliseum where her fine points will be  
exhibited.

And through the appropriation, the  
Ohioans brought to their country the  
1917 National Dairy show, which will  
be held at the state fair grounds, one  
of the best equipped fair grounds in  
America, October 18 to 27, under the  
auspices of the National Dairy as-  
sociation.

In addition to the coliseum, which  
is located on the fair grounds, all  
other structures on the grounds have  
been turned over to the dairy show as-  
sociation, thus assuring the people of  
the country that they will see an un-  
precedented display of cattle, horses,  
dairy products, machinery, automo-  
biles, feed and forage and food and  
agricultural demonstrations under fa-  
vorable conditions.

#### Prepared for Visitors.

Last year the show was held at  
Springfield, Mass., and the attendance  
during the 10 days was 350,000. Co-  
lumbus would not be surprised if half  
a million people attended the 1917  
show. Centrally located in the mid-  
dle West, the city will attract thou-  
sands from the West and thousands  
from the East. Reservations for ac-  
commodations from every state in the  
Union have already been made.

Columbus is prepared. The city is  
as well supplied with hotels as any  
other city of its size in the country.  
In addition, it has hundreds of well  
regulated lodging houses where visi-  
tors will find excellent quarters. And  
8,000 homes in the residential districts  
will be thrown open for the visitors' use. Arrangements to care for the  
hotel overflow have been made by the  
Dairy Show committee of the Colum-  
bus Chamber of Commerce, headed by  
Mayor George J. Kirby.

#### 2,000 Cattle Coming.

A brief talk with W. E. Skinner,  
manager of the show, is all that is  
necessary to give any one an idea of  
the immensity of the exposition. More  
than 125,000 square feet of space has  
already been purchased by exhibitors.  
A herd of 2,000 cattle, representing the  
best in America and Europe, will fill  
the commodious cattle barns on the  
state fair grounds. Millions of dollars' worth of dairy and farm machinery will  
be on display. Great mass  
meetings, attended by some of the big-  
gest men in America, will be held dur-  
ing the 10 days. These are some of  
the facts Mr. Skinner hands out from  
his wonderful store of knowledge.

Of the new coliseum, Mr. Skinner  
has this to say: "It is superior to  
Madison Square Garden, New York,  
and better appointed than the Coli-  
seum at Chicago." The mammoth  
structure will be used for stock judg-  
ing purposes and for the Horse Fair  
to be held in connection with the dairy  
show.

#### Facts About the Dairy Show.

The National Dairy show bears the  
same relation to progress in agricul-  
ture as the greater world's shows,  
with the added value of meeting the  
war's needs.

It is the most intensely valuable in-  
dustrial and agricultural show to be  
held in the world this year.

Thousands of visitors from as far  
west as California, as far east as  
Maine, and from every other state in  
the Union, have already made reser-  
vations for accommodations during the  
show.

One hundred and twenty-five thou-  
sand square feet of space has already  
been bought for exhibits of active in-  
dustry.

#### \$53,000 BULL ENTRY AT SHOW.

One of the bulls, which has been  
entered in the cattle section of the  
National Dairy show, to be held in Co-  
lumbus, O., October 18 to 27, recently  
sold for \$53,000. He is a member of  
the Sokol family. Several cows that  
will be seen at the dairy exposition are  
valued at \$25,000.

(BY REV. P. B. FITZWATER, D. D.,  
Teacher of English Bible in the Moody  
Bible Institute of Chicago.)  
(Copyright, 1917, Western Newspaper Union.)

### LESSON FOR OCTOBER 14.

#### RETURNING FROM CAPTIVITY.

LESSON TEXT.—Ezekiel 1.  
GOLDEN TEXT.—The Lord hath done  
great things for us; whereof we are glad.  
—Psalm 125.

Israel went into captivity because of  
her sins. The time of her disciplinary  
process was about to end, as its pur-  
pose was now accomplished; namely,  
the cure of Israel's idolatry. Ever  
since the Babylonian captivity the He-  
brew people have been worshippers of  
the one God. Monotheism has stood  
forth as a vital characteristic. The  
main reason for the Jews' maintenance  
of racial identity in spite of their na-  
tional dislocation and the breaking up  
of their social ties, is the unity of their  
faith, around the one God.

#### I. The Proclamation of Cyrus (vv. 1-3).

(1) The Time of (v. 1). The first  
year of Cyrus; that is the first year  
after his conquest of Babylon.

#### (2) How It Was Brought About (v. 2).

The Lord stirred up his spirit.  
The Lord often uses very unlikely  
agents in the accomplishment of his  
purposes. There is nothing too hard  
for him. He can readily use a heathen  
king to accomplish his purpose. He  
can find a way of approach to any  
heart. Likely Daniel was the agent  
used to bring the matter to the king's  
attention. Daniel was still the influ-  
ential prime minister of Babylon.  
From his study of the prophecies of  
Jeremiah (Jer. 25:12; Isa. 45:1; com-  
pare Daniel 9:2), he knew that the  
time was near for the return of the  
people to their own land, so he likely  
brought the matter to the attention of  
the king and persuaded him to thus  
favor his people.

#### (3) Its Contents (vv. 2-4).

(a) A confession of the true God  
(vv. 2, 3).

He acknowledges him to be the God  
of heaven, the Most High, the Supreme  
God, a God of goodness. He declared,  
"He has given me all the kingdoms of  
the earth," and that God had with au-  
thority laid upon him the charge of  
building him a house at Jerusalem.

(b) A Generous Permission to Israel  
(v. 3). All who desired to go up to  
Jerusalem and build the Lord's house  
were permitted to go. He even com-  
mended the blessing of the Lord to be  
upon them.

#### (c) A Positive Co-Operation (v. 4).

None were obliged to go up, but a po-  
sitive obligation was laid upon those  
who did not go up to render assistance  
to those who did. They were to aid  
in the building of the house of God by  
giving money, beasts and goods. It  
was more than a free-will offering, an  
obligation in addition thereto. The ob-  
ligation was even wider than that the  
people of Israel. The heathen were asked  
to render aid.

#### II. Response to the Proclamation of Cyrus (vv. 5, 6).

(1) By Israel (v. 5). Strange to say  
the decree of Cyrus was not met with  
great enthusiasm. Only a small num-  
ber, chiefly from Judah and Benjamin,  
returned (v. 5). For most of them it  
meant giving up business interests, for  
they had settled down to the regular  
callings of life. Besides the sacri-  
fice of business interests it involved  
great risks as to the future. The en-  
tire company, including servants, was  
about fifty thousand (2:34). Of this  
company we note the following divi-  
sions; first, chiefs of the fathers of  
Judah and Benjamin, that is magis-  
trates; second, priests and Levites,  
leaders in religion; third, skillful ar-  
tisans, hand workmen.

(2) By Their Neighbors (v. 6). This  
response was apparently more hearty  
than that of the Jews themselves.  
Their neighbors gave freely of gold, sil-  
ver, beasts and goods. God had not  
only graciously disposed the heart of  
Cyrus toward his people, but they  
found peculiar favor from their neigh-  
bors, so that their wants were abund-  
antly supplied.

III. Restoration of the Sacred Vessels  
(vv. 7-11). These vessels had been  
carried away to Babylon many years  
before. Little did Nebuchadnezzar re-  
alize that he would put into safe keep-  
ing the vessels which would be needed  
at this time. They were carefully num-  
bered and turned over to the proper  
officers. Except for their desecration in  
Belshazzar's feast, they were none  
the worse for having been carried away.  
These were brought up to Jerusalem

## True Economy in Men's Clothing

THE clothing economist does not wear cheap  
clothes, neither does he pay extravagant prices. The true  
clothing economist is the man who buys a stylish, serviceable  
suit at a fair price—just such clothes as we sell. A wide range  
of styles, fabrics, colors and prices.

You want the best your money can  
buy—we want you to have it—it's here

Kredel & Alexander have won distinction not only as a style  
center, but as an institution of superior value-giving, selling serviceable  
Suits, Overcoats and Rain Coats at \$10 to \$30, but particularly calling  
your attention to our three great lines at \$15, \$20 and \$25.

### 100 per cent Pure Wool at \$20.00

Thirty different styles of Men's and  
Young Men's Suits; twenty different and  
distinct style Overcoats in our great assort-  
ment of pure wool, hand-made, service-  
giving garments, positively  
equaling those seen elsewhere  
for more. For only.....\$20

### The Best to Be Found at \$25.00

by long odds, and yet our price is only.....\$30

Plenty of other Suits as low as.....\$10

### Our Boys' Store Presents the Most Careful Selection

What we've passed in the market for the boys others are welcome to. The very utmost discrim-  
ination is used in the gathering of our assortment of boys' clothing. It must possess the three-fold  
virtue of sturdiness, refinement and exclusiveness. Sturdiness—to insure your fullest satisfaction;  
Refinement—to appeal to your good taste; and Exclusiveness—that your boy may not be dressed like  
every other boy you meet. Hence our variety is immense, while the duplicates of any style or pat-  
tern are limited. This week will bring its special opportunities in the Boys' Store—and they are an  
exception only in being more special than usual.

Boys' Norfolk, Sailor and Russian Blouse Knee Pant  
Suits; plain and fancy effects;  
all sizes.....\$4.85

Boys' Novelty Suits, in latest models; plain blue  
serges; worsteds of new and attractive designs;

to 18 years. Worth more.....\$7.50

Boys' Overcoats and Mackinaws, made up in new  
models, brown mixtures, gray diagonals, plain blues,  
black and reds, in chinilla and astrakhan. In fact,  
all materials approved for these  
garments.....\$4.85 to \$8.50

Boys' Sampeck Norfolk Knee Pant Suits; plain serges  
and fancy cassimeres. They are worth  
more.....\$8.50 to \$15

## WARM PRAISE FOR PROHIBITION

Endorsed By Citizens of Dry State.

### CONDITIONS ARE IMPROVED

Governors, City Officials, Newspapers, Business Men and Labor Leaders Unite in Declaring That With Saloons Gone There is Decided Improvement in Moral and Material Conditions—Former Wets Admit They Were Wrong and Have Changed Their Minds.

Columbus—The Ohio Dry Federation, having in charge the campaign for state-wide Prohibition, has secured from officials, newspapers, and commercial bodies in states now dry, evidence showing conclusively that Prohibition helps business and labor, promotes public morals, and decreases crime and drunkenness. The testimony is most direct and convincing and is expected to aid materially in creating sentiment in Ohio favorable to the adoption of the dry amendment at the November election. Here are a few extracts from letters from officials and newspapers in some of the dry states:

**WEST VIRGINIA.**  
Governor J. J. Cornwell: "The state has been greatly benefited by state-wide Prohibition. Crime has largely decreased. Pauperism is less. Labor has profited. Savings accounts have materially increased. Health and general welfare of the people have improved and business has been benefited. Were the question again submitted to a vote, it would receive a much larger majority than the majority given when Prohibition was adopted."

Clarksville Journal: "The results have been wonderfully beneficial, both morally and commercially. We trust our great neighboring state of Ohio will become dry."

Richmond Journal: "In place of saloons have come ready shops, groceries, delicatessen shops—in short, a proportion of all the varied retail industries."

Richmond Square Deal, Official Organ of Labor: "Excepting those employed in the breweries and liquor industries proper, working men have been even better off than was expected by advocates of Prohibition."

Mayor Harvey, of Portsmouth: "Prohibition results obtained in Virginia have been entirely satisfactory."

Atlanta Chamber of Commerce: "As to any statement that Prohibition has hurt this city, it is utterly false and absurd."

Atlanta Tradesman: "The more thoughtful moderate drinkers are rapidly becoming total abstainers."

Savannah Press: "Prohibition has brought prosperity to many families that knew only poverty before."

Americus Times: "Every Prohibition law which Georgia has had, has bettered conditions."

Athens Banner: "The Prohibition law has been one of the greatest blessings that has ever come to this state."

**NORTH DAKOTA.**  
Governor L. J. Swenson: "I believe I voice the sentiment of a large majority of the people of the state by declaring that we would, under no circumstances, have our existing laws governing the liquor traffic, modified in any degree whatever."

Fargo Courier News: "Prohibition is a dead issue in North Dakota because it is a success."

Jamestown Daily Capital: "The effect of Prohibition has been entirely salutary to business, labor, and the general welfare."

Grand Forks Independent: "A popular vote of North Dakota citizens would overwhelm any effort to make the state wet again."

Dickinson Recorder-Post: "A dry state is incomparably better for business and labor."

**KANSAS.**  
Governor Capper: "Thirty-two Kansas counties abandoned their county poor farms last year and 40 counties out of a total of 105 did not send a prisoner to the state penitentiary last year. In Kansas the state tax is the lowest in the nation with but two or three exceptions."

Emporia Gazette: "The unanimous Supreme Court, the Governor, and the unanimous vote of both houses of the legislature recently were registered on a Prohibition measure."

Topeka State Journal: "Prohibition is a great success in Kansas and it is recommended to other states."

# Something New for the Home? Splendid Offerings in Dayton Stores

Every Wednesday  
Suburban Shopping  
Day In Dayton

Emblem of Dayton Retail Trade Bureau

Now that Autumn's breezy breezes have chased us indoors, we begin to look around the home rather critically. In it, we're going to spend lots of our time and we wonder how we can make it more attractive and cheery—not only for the family, but for the friends we hope will feel like coming often.

So it's pleasing to observe in Dayton's stores a timely featuring of needs for the home with decidedly interesting price reductions. Some stores are laying emphasis on rugs and tapestries; others on appliances of utility and ornamental; still others on sets or pieces of furniture; and so on. As to styles for individual wear; well, you mustn't miss seeing them.

"Kansas would no more think of repealing the law against intoxicants than it would think of repealing the law against murder."

**ALABAMA.**  
George B. Ward, President of the Birmingham City Commission: "Every passing month demonstrates, and clearly, that the monetary loss from Prohibition is being so offset in many other ways, financially and morally, that the result is startling."

Birmingham Age-Herald: "The effects of Prohibition on business have been fine."

Montgomery Journal: "The Journal cannot say too much in favor of the Prohibition law and its splendid effect upon the moral, political, social, and business life of this community."

**OREGON.**  
Governor Withycombe: "To my mind Prohibition has been our strongest factor in the upbuilding of good citizenship."

Oregon Farmer: "State officials and business men are almost unanimous in approving Prohibition, and it is very popular in the country."

Mayor Albee, Portland: "In practically every way Prohibition has proved an impetus to business."

Portland Journal: "Under Prohibition Portland had one of the most successful commercial and industrial years in its history."

Supt. MacLaren, of the Pacific Rescue Society: "The change is marvelous. It is beyond a man's comprehension."

**WASHINGTON.**  
Governor Ernest Lister: "There is no question but that the state of Washington is better off in every respect without saloons than it was when they were in operation."

Seattle Times: "The state has gone bone-dry in response to the desire of the people, and the law is one the people wish and which they will approve."

Spokane Press: "Soberness is much better as the result of the dry law. There are few who would care to go back to the old order of things."

Seattle Star: "If the growth of sentiment in favor of Prohibition were not taking place before one's eyes, it would scarcely be believable."

**COLORADO.**  
Governor J. C. Gunter: "The practical benefits most conspicuous under Prohibition are the relief of suffering among women and children, the decrease in the demand on charitable organizations, the great decrease in crime and consequent committals to state prisons, and the increase in the number of new savings accounts."

Denver Labor Bulletin: "The condition of Colorado workers is at least 50 per cent better as a result of state-wide Prohibition."

Denver Catholic Register: "Every line of business shows improvement except the liquor trade and pawn shops."

Pueblo Chieftain: "No one who is honest and intelligent can deny that Prohibition has been a success in Colorado."

Leadville Herald: "Figures can be quoted indicating an increase in savings bank deposits, in general prosperity, in more satisfactory work in mines and smelters."

**IOWA.**  
Des Moines Capital: "Iowa is satisfied with Prohibition and will never return to licensed saloons."

Cedar Rapids Gazette: "The number of people committed to Prohibition increases every day."

Sioux City Journal: "Former employees of saloons and breweries are, for the most part, employed in other callings and glad of it."

St. Paul Pioneer-Press: "Prohibition is an unquestioned success."

**PHYSICIANS KNOW**  
Why the American Medical Association is Opposed to Alcohol.

New York—The American Medical Association, with a membership of 81,000 physicians and surgeons, is the greatest medical society in the country. At its meeting in this city this summer, the following was adopted with reference to alcohol:

"Whereas, We believe that the use of alcohol is detrimental to the human economy, and whereas its use in therapeutics as a tonic or stimulant or for food has no scientific value; therefore,

"Be it resolved, That the American Medical Association is opposed to the use of alcohol as a beverage; and

"Be it further resolved, That the use of alcohol as a therapeutic agent should be further discouraged."

**DYNAMITE IS TRICKY.**  
Some of the Stuff May Remain After a Charge is Exploded.

"It is generally supposed that when a charge of dynamite has exploded it is all over, that the entire charge has been consumed," said a "hard rock" man who has worked in mines, in river tunnels and other places where high explosives are used. "This supposition, however, is not correct," he continued. "Sometimes particles of dynamite will be blown out with the broken rock. Then it becomes a menace to the workmen."

"It is a favorite practice of men who are waiting or resting to sit on a pile of 'muck,' as the broken rock is called, and to jab into it with a pick or a candlestick or some other steel thing, much the same as a Yankee will whistle while he talks or thinks. If the steel strikes one of these bits of dynamite that has not gone off, because the glycerin in it has started to run or because a fragment of it has been crystallized, there will be an explosion. The chances are that not one of the group of men sitting around will escape injury."

"Another frequent cause of accidents is that sometimes when the dynamite explodes and tears out the rock a small quantity of it will be left in the bottom of the drill hole, unaffected by the shock. If the drill hole that remains happens to be pointed in the right direction a lazy drill runner is likely to take advantage of it and start his new hole in the old one in order to make a record or save time. The instant

the dry commences to run on the unexploded dynamite it goes off. The steel is driven back through the barrel of the machine, wrecking it and usually killing the drill runner. This explains many mysterious deaths that have been attributed to 'missed shots.'"

**Battle of Armageddon.**  
Readers of the Bible know that the battle of Armageddon, which in the revised version is Har-Mageddon, is to be the last conflict between the hosts of the Lord and all the powers of darkness. It is prophesied in Revelation xvi, 16, "And he gathered them together in a place called in the Hebrew tongue Armageddon." The name comes from har megiddo, the mountain district of Megiddo—the mountain land of Israel. There is where the stars fought against Siera, as narrated in the book of Judges, and where Josiah, rebellious king of Judah, was slain by Pharaoh, king of Egypt. The "battle of Armageddon" is used symbolically to describe any great conflict, but in its original meaning it referred to the final struggle which is to precede the millennium.—St. Louis Post-Dispatch.

## ARE WE READY FOR

NOVEMBER 6

November 6th is coming on apace. For Ohio it is in some respects one of the most important days on the calendar this year. Are we ready for it? To think of what possibilities are wrapped up in it! It may be the emancipation day to many who have been in bondage to John Barleycorn for years. If Ohio goes dry, her experience will doubtless be that of other states. Her jails, workhouses, infirmaries, and penitentiaries will gradually begin to lose their inmates; her breweries and distilleries will be turned into manufacturing of honest articles. The children of the drinking man will have a better chance. The temptation will be put out of the way of the young. Prosperity will gradually follow. Money will go into the proper channels of trade. Poverty and crime will be greatly decreased. This is no financial picture, but a very feeble description of what would follow voting Ohio dry. Would this not be a very desirable situation?

Would it not pay every farmer to leave his plow standing in the field while he went into town to vote? Would it not also pay him to bring his boys and his hired man with him? If the state were bone dry, would it not bring more and better customers to the grocer, to the clothing store, to the meat market; and in fact, will not sober men make the most desirable citizens? If so, should not every man who is interested in the good name and prosperity of his town, not only vote dry himself, but see that his neighbors and fellow-citizens do the same? Then we will have a dry state indeed.

## Credit Is Giving Us Supremacy Of The Air

Throughout the country today factories are engaged working night and day turning out motors and other parts entering into the construction of Aeroplanes. Factories have been speedily erected at a great cost and contracts of staggering proportion have been let by the United States Government, and all of this has been made possible through the application of credit.

These factories turning out the necessities of warfare as demanded by Uncle Sam could not possibly carry on this work without credit.

The retail stores from whom you buy your supplies must of necessity accept credit, and that being the case why should not you as an individual expect and accept credit, particularly when buying furniture for the home. Let us explain our credit system to you.
